

[Ephemeral seed exchanges](#)

Ephemeral seeds available 14-25 November 2021

Jon Evans has once again produced a list of “ephemeral” seeds donated by SABG members. Some bulbs and corms are also included. These are available for members to request. The deadline for receipt of requests is Thursday 25th November 2021.

The [complete list and instructions](#) for requesting are available here as a PDF file. It is also available as a [Microsoft Word](#) document, in case you have any difficulty with the PDF file. By the way, if you **do** have any trouble reading this or any other PDF files which appear as links in our web site, please let me know (*Richard White*).
